

Peach Stuff

375° - 25-30 mins

We are not sure where this family favorite came from, but we have been making this since the early 80's! It's one of Cara's favorites and even though I do not care for fruit pies, or cooked fruit in general, I do like this.

1 c sugar
1 c Bisquick
1 C milk
½ c butter
1 can peach pie filling

Place 1 stick of butter in a deep dish (3quart or so) and place in oven to melt- be sure you do not "cook" it, just melt it. .

Mix sugar, Bisquick and milk together. Pour into baking dish with melted butter. I gently stir it just a tish Take spoonfuls of the peach filling and drop into batter, don't forget to scrap out all the gel in the can!

Bake for 30 mins or until top is browned.

We eat this hot out of the oven & sometimes with a scoop of ice cream to melt and make it extra creamy.
